

BE A PART OF THE WHOLE ADVENTURE.

Nestled in the beautiful San Bernardino Mountains, Camp Big Horn provides units in the Scouting community the opportunity to take part in quality adventures that can't be found anywhere else in Southern California. Within our over 2,000 acre property lies a multitude of experiences; including our dual-racing zipline, and our welding and auto maintenance programs at the Ranger Corps.

Above all, Camp Big Horn is known for its staff. Our staff undergoes extensive training in customer service, teaching, counseling, and leadership to best serve the needs of our campers. Camp Big Horn is also proud to offer a Counselor Training Program, which provides younger Scouters the opportunity to learn what it takes to become a camp staff member.
